

## DEMOCRATS FOR BIGGER EFFORTS

Second of Called Meetings To Discuss Campaign Is Held at Rock Island House.

CHAIRMAN PENDER PRESIDES

Expectations of Voters Must Be Fulfilled—Enthusiasm Outdoes First Session.

The second of the Rock Island county Democratic central committee called meetings was held at the Rock Island house last night.

With T. A. Pender, chairman of the committee, presiding, enthusiasm mounted to even a greater degree than at the first meeting held several days ago.

Stress was laid by the chairman upon the expectations of the voters who are to be asked to support the party to succeed in the election this fall. It was the sense of the meeting that the hopes of the voters must be fulfilled.

The meeting was held for the purpose of sketching the details of the congressional, state and county races.

Go To Monmouth Meet.

The central committee and prominent members of the party present, radiated optimism and many expressed their intentions to attend the meeting of the congressional caucus at Monmouth, when it is expected that campaign policies and especially those of the congressional race, will be fully discussed.

T. A. Pender, who is also chairman of the congressional committee, said that he anticipated one of the most representative gatherings of Democrats assembled in years at the Monmouth meeting, when it is expected that campaign policies and especially those of the congressional race, will be fully discussed.

Next Sunday Will Be Day of Prayer

ay is the fourth anniversary of the beginning of the world state council of national defense war workers has been busy throughout the state endeavoring to bring about an observance of this day in all the churches and have issued the following:

"Four memorable events are to be remembered in connection with this day:

"Germany invaded Belgium, Aug. 2, 1914.

"Germany declared war on France, Aug. 4, 1914.

"Germany declared war on Belgium, Aug. 4, 1914.

"Great Britain declared war on Germany, Aug. 4, 1914.

"Four years ago next Sunday this great war, which is now engaged in by peoples from all nations in the world, was begun. It is very fitting that the United States, which is now in the war alongside of Belgium, France and Great Britain, should observe the day."

Present indications are that every pastor in the city will preach a sermon in support of the allied cause, and say special prayers for the early and complete triumph by the United States.

URGENT RETURN OF FINISHED GOODS

Red Cross workers who have yarn upon which they are working are asked to put in some intensive knitting during the next few days, and to return the finished articles to

the Red Cross rooms as soon as possible. This is being urged in order that the work may be started for the next quota which will arrive in a short time, in order that the faithful band of knitters will be ready to immediately start on the new work.

Quantities of yarn are now out among the workers, and this must be turned in before the faithful band of knitters will be asked to begin on the new work.

Although no word has been received of the probable time of arrival of the new work, knitters will be told through the papers of the receipt of the new shipment of yarn in time for all those wishing to knit to receive their material.

## GET NEW KIDNEYS!

The kidneys are the most over-worked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even stone in the bladder. These symptoms indicate a condition that may lead up to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure.

You can almost certainly find immediate relief in GOLD MEDAL Haarlem Oil Capsules. For more than 90 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.

## DRAFT BILL TO WIDEN AVENUE

Little Else of Importance Comes Before City Commissioners in Regular Meeting.

Routine business was practically all that was taken up at the regular meeting of the Rock Island city commissioners yesterday afternoon.

An ordinance providing for the widening of Twentieth avenue between Sixteenth and Seventeenth streets was passed. This project takes in the widening and grading of the street. Paving will not be put in at this time.

Commissioner Murrin submitted a number of bids received on contracts for painting the city hall. It was decided to accept the bid of Frank M. Skinner. This bid was for the carrying out of the work according to stipulations set down by the commissioners, and a contract price of \$364 was made.

Loose paint on the city hall will be scraped off and two coats of new will be applied.

## DOCTORS GIVE REASONS FOR SPRING FEVER

Explain Its Real Meaning

"The name 'Spring Fever,' said a well known physician in conversation the other day, 'is a misnomer, and is largely a figure of speech used to describe the peculiar lassitude, that so many people complain of at the expiration of our winter months. It is a physiological condition well known to the medical profession, and is not a fever at all, but a general letting down of nature's forces, particularly the nervous centers, due to the deficiency of iron and phosphorus both of which are absolutely necessary for the maintenance of bodily vigor."

"If you continue," the excessive meat eating, the loss of green vegetables and of oxygen, of which there is so little in the average heated house, all play their part. The result is that nature is calling for an increased output of the vital forces during the winter months, and this demand means more phosphorus and iron. For it is these two potent remedies combined, which are nature's armament in her defensive warfare. With the advent of warm weather, the pores act more freely and the heart slows up and that peculiar lassitude which we call Spring Fever is manifested."

"And the remedy, Doctor," an interested listener asked. "Why my dear sir, the remedy for these starved nerve and blood centers is Phosphated Iron. But there is no reason why we should ever reach this point, if we would, from time to time take that well known remedy, Phosphated Iron, and so maintain the physiological balance, as shown by our color, our sense of well being, push and activity, all life worth while."

And the Doctor was right. Special Notice—To insure Doctors and their patients receiving the genuine Phosphated Iron, we have put in capsules only. Do not have dealers to substitute tablets or pills. Insist on capsules. A. J. Riess, and leading druggists everywhere. (Adv.)
